

Yago School has the objective of arousing the interest in and passion for music in all its pupils.

PRE-MUSIC

Through active music making, the activity is carefully structured to introduce children to the basic elements of music fundamental to learning to play an instrument. These include the development of competence in singing, awareness of pitch and a strong sense of rhythm, as well as preparation for music literacy. Classes consist of singing, games, movement, playing percussion instruments and listening to music.

PIANO

This extracurricular is aimed at developing and strengthening musical skills in relation to the instrumental practice of piano. At the same time it is also focused on preparing, for interested students, the ABRSM (Associated Board of the Royal Schools of Music) exams. For these will come official external examiners from England. To overcome them requires the preparation of several pieces and skills in the execution of scales, arpeggios and reading at first sight.

OTHER MUSICAL INSTRUMENTS

- ★ **Violin:** An aptitude test will be required.
- ★ **Spanish Guitar:** An aptitude test will be required.
- ★ **Cello:** An aptitude test will be required.
- ★ **Saxophone, Transverse Flute or Trumpet**
- ★ **Percussion:** This will be third second year with the extracurricular activity for percussion lovers. The students will learn a variety of instruments from this great family: African darbucas, flamenco box, Latin percussion... In this context, the Batucada creates the best environment to develop children's psychomotor skills, as well as the development of concentration and memory. A collective and funny experience. We will have two levels: basic and advance.

BALLET

We will offer Baby Ballet and Classic Ballet depending on the age of our students.

Ballet Tutu and shoes are necessary.

FLAMENCO DANCE

Flamenco is a great way for kids to exercise. Our students will develop several skills for their growth, such as motor skills, coordination, mental sharpness, and physical strength, emotional and personal development.

Flamenco skirt and shoes are necessary.

STREET DANCE

Urban dance classes, taught by Baby Ballet Global Dance, with jazz and contemporary techniques, make us offer a unique and original style where our students will develop the different styles of urban dance.

The students will enjoy the movements at the same time they will develop different capacities for the dance.

The objectives that enrolled students will achieve are:

- Knowledge of the basic steps
- Development of musicality
- Good use of space and movement levels
- Expressive and projection capacity
- Work on the different qualities of movement
- Improvisation capacity
- Choreographic memory

All this takes place in entertaining and fun classes with a maximum demand.

You will need comfortable clothes and sneakers.

DRAWING AND PAINTING

This activity will take place in our art class. They will learn different techniques. They will improve their artistic skills according to their level of abilities.

The students will have the opportunity to visit a museum or gallery during the year. They must wear a smock.

DRAMA LESSONS

Since this extracurricular activity not only consists of learning to act, but also developing different areas of theater production, we define this project as 'The Stage Club'.

Students between P1 and S4 will have contact with the drama world and they will acquire fluency through the activities they will perform: debate, reading and analysis of professional scripts, creation of literary works, disinhibition and confidence exercises, visualization and recreation of movies' scenes, drama and comedy monologues, costume and makeup design, acting in front of a camera and recording analysis. All the activities will be adapted to each age group.

There will be at least one "end of the year" play.

PHOTOGRAPHY

We have designed our photography courses to introduce children to the world of the images in a practical and fun way with the Photography Coverage School (<https://www.coberturaphoto.com/>). Through different didactic activities they will know the basic aspects to take photographs in an appropriate way, stimulating in turn creativity and imagination and enriching their visual culture.

We want to invite children to discover the magic of photography and how it can be a vehicle to tell things and tell about oneself. Through the projection of examples, explanations, but especially practical activities, students will have the opportunity to learn to look at the world, thus also enhancing the ability to socialize with their environment.

Each group will have a weekly class. At the end of the course, a photographic exhibition will be organized with the works carried out during the course.

We will provide a camera to each child for the class. Classes will be taught by a professional photographer belonging to this prestigious school of photography.

- ✓ All activities are subject to a minimum and maximum number of children.
- ✓ Activities will be charged every term.
- ✓ The price of all activities is quarterly. The first two quarters will be charged in full and in the third quarter, being a period of two months instead of three, the proportional amount will be charged for those two months. There will be a single **tuition fee of 10 euros** per pupil and activity per year. Rowing is annual, from October to May. In Tech Club the compromise is for 5 months from October to February.
- ✓ Activities take place at the during the second playground or from 17:15 to 18:15 hours.
- ✓ The access to the School will be only through Antonio Mairenas' gate.
- ✓ The collection point for all pupils will be in the places informed by Head of Logistics at the beginning of the school year. All pupils from P5 can leave alone if they have the correct authorization.
- ✓ Activities are strictly organized according to age, class, and level of children.
- ✓ If a pupil leaves an activity before the end of the quarter, there will be no refund for the remaining classes. The non-payment of a receipt means the loss of place in the activity. Anybody who has an outstanding amount payable cannot renew registration for the next term.
- ✓ In the case of rain, there will be activities that cannot be done. We will advise you by e-mail in advance in case you can pick them up at 17:00. If you are not able to pick them up, we will keep the children in the evening class until 18:15. We cannot return money nor guarantee the recovery of the lost classes.
- ✓ The rules of behavior in the activities are exactly the same as those of the school, as these are a part of it; the pupil must show the correct attitude and behavior in these activities and cannot continue in the classes in the opposite case.
- ✓ **To cancel enrollment in any activity the school must be notified by email to marialuisa.valentin@yagoschool.com and secretaria@yagoschool.com by the 20th day of the month prior to the beginning of the next term.**
